

NUNN DESIGN[®]
2019 Master Catalogue
www.nunndesign.com

Welcome!

Nunn Design is in the businesses of selling creativity. Yes, we offer jewelry findings; however, it isn't just about the findings for us. It is about the possibilities of what can be created using the findings we domestically design, manufacture and source.

To learn more about each jewelry piece featured throughout this catalogue, download the digital catalogue at www.nunn.design.com. Click on images throughout the 80 pages of inspiration and link to our online gallery. Once you are in the online gallery, you can shop all of the findings used in each jewelry creation, link to how-to tutorials on our blog, and learn the various techniques used by watching one of our many videos.

We strive to produce the highest quality USA made findings available on the market at an affordable price. To make your creative process easier we also distribute all the products you will need to create the various techniques we teach.

Thank you for entrusting your jewelry to Nunn Design Findings and for your willingness to support a company that is committed to inspiring and nurturing your creativity.
