# ARTISAN FEATURE: MARIANNE OF GRACEFULLY WRAPPED

Marianne Garey of Gracefully Wrapped launched her faith-based jewelry collection in 2017 with a line of mustard seed necklaces. Her resin jewelry collection resonated with customers across the country and was soon to make this mother of three VERY busy!

Marianne specializes in embedding pressed flowers and organics into resin to create one-of-a-kind wearable pieces of art. She creates custom pieces of jewelry from flowers that represent meaningful moments in her customer's lives; weddings, funerals and special occasions.

“When I feel exhausted from the juggling of a thriving business and being a wife and mother of three, I’ll receive an email from a delighted customer. This is what keeps me going!”

## COLORIZED CRYSTAL CLAY, ORGANICS & RESIN

The motivation for this technique was to make it easier for the maker to create fabulous pendants with a more streamlined process. By using colorized Crystal Clay in the base of the bezel, then applying the organics, only a single pour of resin is required!

For the full step-by-step tutorial and video, visit the [Nunn Design Blog](#). Download our [Colorized Crystal Clay Cheatsheet](#) to learn how to use Castin' Craft Opaque Pigments to colorize white Crystal Clay. The Nunn Design Cheatsheet provides easy to follow color formulas allowing you to create 2020 Pantone colors to use for designing.

## COLORIZED RESIN WITH GILDING FLAKES

Visit our blog at [nunndesign.com](http://nunndesign.com) to see the full tutorial and videos on this technique of Colorizing Resin with Gilding Flakes.

Nunn Design Resin that has been colorized with Castin' Craft Opaque Pigments is poured into the base of the pendants. Gilding Flakes are inserted with a toothpick into the colorized resin and clear resin poured over the surface, resulting in each piece to be unique and one-of-a-kind.

# ARTISAN FEATURE: NUBY OF COLOURFUL BLOSSOM

For a self-taught artist with no gardening skills, Nuby sure found her calling in sculpting miniature flowers and succulents!

Her exploration of clay and mixed media has evolved into her own unique brand of one of a kind hand-sculpted wearable art.

See the succulent charms we collaborated with Nuby to make on page 49!

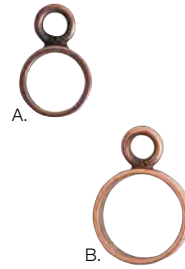

“The three main reasons why I trust the Nunn Design products on my creations are: I appreciate that the company gives thorough specs (or specifications) on materials for each item, the quality and plating are amazing, consistent and unlike any other I’ve tried before, and the customer service is remarkable.”

## ARTISAN FEATURE: KARI OF MILE HIGH BEADS

Kari has been a maker since childhood and knew that her calling was to live a creative lifestyle. After college, she worked as a manager in a bead shop, which cemented her desire to make jewelry making her living.

Kari is a stay-at-home mother with a schedule that revolves around her son. She finds bits of time throughout the day to run the day-to-day aspects of a small business. "I would love to have a more regimented work schedule and think it would be easier to stay more organized that way, but until my son is in school, I have to get by doing whatever I can, whenever I can!"

## ARTISAN FEATURE: BRANDI OF LITTLE BLUE BUS

Brandi Light has built a successful brand and business by creating on-demand customized metal stamped jewelry from her little blue bus mobile boutique.

Brandi's success is the result of grit and hard work. She attends 15-20 shows a year, owns a small retail store, sells on Etsy, Instagram, Facebook and online from her website.

"Owning this small jewelry business gives me so much – it gives me peace, freedom to express my style, and a way to work with my hands. I'm able to make a living doing something that I absolutely love. Owning my little business means more to me than many will ever understand. It has its ups and downs for sure, but it is 100% worth it."

"When I first started to metal stamp, it was so difficult to line up those letters, but I just kept at it. I found Nunn Design to be my absolute favorite blanks – I use them 90% of the time when I create my pieces. I really love pewter – it's soft as butter to stamp on."

## ARTISAN FEATURE: SHANNAH OF HELLO DEAR HANDMADE

Shannah of Hello Dear Handmade is a stay at home mother of two navigating a thriving jewelry business. Her colorized resin choices, her beautiful placement of organics in the resin and her composition of her photography all make for a fantastic brand statement!

“I think the more I let my real-life interests guide my jewelry, the more cohesiveness my collections have. Nature is a huge part of that; the dried flowers, mountain pieces, shell designs and rock pieces are all very personal to me.”

Shannah, like many resin jewelry artists, have mastered resin through trial and error. “I have watched Nunn Design Videos and wish I had them earlier on in my resin process. They would have saved me from making a lot of mistakes!”

## ARTISAN FEATURE: SARAH BUCKLEY ART

After years of being a painter and illustrator, Sarah Buckley attempted something new. In search of a medium that was fun, portable and versatile she explored embroidery. After one project, she was entirely hooked and a passion for creating intricate nature inspired pieces of wearable art was born.

Sarah navigates running her small business while being a full time mother to three boys. "The holidays are exceptionally busy for me, and I put in full-time hours during November and December. Mostly it's a matter of finding little snippets of time here and there to get "work" done.

"I love the quality of Nunn Design Findings for embroidery! I can create a delicate, intricate piece of embroidery and trust that it will be safe to wear as jewelry once it's mounted into a Nunn Design bezel."
